

Containerformat

The diagram illustrates the structure of a container format. It consists of a large outer rounded rectangle with a black border. Inside this rectangle, there are three vertically stacked components. The top component is a light gray rounded rectangle with a black border, containing the text 'Metadaten'. Below it is the text 'Videocodec'. The third component is a light gray rounded rectangle with a black border, containing the text 'Videodaten'. This third component is enclosed within a larger rounded rectangle with a red border. Below this is the text 'Audioopcodec'. The final component is a light gray rounded rectangle with a black border, containing the text 'Audiodaten'. This component is enclosed within a larger rounded rectangle with a yellow border.

Metadaten

Videocodec

Videodaten

Audioopcodec
